## Residential Condo/Apartment Builders Wrap-ups

*Common jobs include construction of Apartments, Condos, Condo-Conversions, Single-Family Residences and Townhouses.*

**Coverage Highlights:**

- A. M. Best “A” rated carriers with solid financial stability that satisfy the toughest lender and contractual requirements
- High limits on primary wrap policies - Excess capabilities of up to \$25 million
- Consistent coverage for all contractors under wrap including the owner, subcontractor, as well as all the consultants, trades and project managers
- Extended completed operations - For up to 10 years or per state statutes
- Loss control includes on-site inspections and documentation throughout the project, which provides proof of proper construction in event of lawsuits
- Wrap administration & peer review resources are also available
- A&E coverages available

*A Wrap-up covers all involved with the construction of a project including the owner, developer, general contractor, subcontractors, consultants and project managers. This allows the builder or owner to arrange broad coverage for all parties involved.*

*By providing a single policy covering all participants with one defense and a single set of policy limits, Wrap-up coverage can eliminate issues with subcontractors meeting builder's insurance requirements. This eliminates the need to determine liability and facilitates the claims process in the event of a loss.*
