A UNIQUE EXPERIENCE WORKING WITH ALL RISKS

All Risks is a large, diverse wholesale insurance provider with four distinct operating units:

Brokerage

Our staff of skilled brokers assist our agent partners in identifying exposures and navigating the brokerage marketplace to secure the most favorable terms and conditions. Brokerage Units assist agents in marketing and placement of larger, more complex accounts.

National Programs

All Risks develops and distributes proprietary products targeting specialty niches. Program Units quote, bind, issue and service policies, monitor rate adequacy, and place reinsurance.

Managing General Agency/ Contract Binding

All Risks represents the widest array of Specialty Carriers. MGA Units quote, bind, issue and service policies for admitted and non-admitted carriers.

Personal Lines

Our Personal Lines Unit offers many products that include High Net Worth Clients, Property, Liability, Excess Flood, Contents in Mini-Storage and Watercraft. This team handles all underwriting, quoting, binding and policy issuance.

All Risks was formed as an excess and surplus lines facility in 1964 in Baltimore, MD. We were supported primarily by local insurance agents seeking access to Lloyd's of London.

We have since expanded into additional territories and product lines. **All Risks** is independent and has no ownership

ties with any entity engaged in the retail sale of insurance. **All Risks** offers the broadest spectrum of wholesale solutions with our four separate operating units; Contract Binding, Brokerage, National Programs and Personal Lines. Our business is written exclusively through retail agents and brokers.

Our company grows exponentially each year and will continue to do so as long as we have recruits like **YOU**, to encourage our aggressive and entrepreneurial culture that focuses on providing new opportunities to our retail insurance broker clients.

Over 450 employees staff our 14 full service offices in locations from the West Coast to the East. We have offices in Phoenix, Arizona; San Francisco, California; Ft. Lauderdale, Jupiter, Orlando and Tampa, Florida; Atlanta, Georgia; Hunt Valley, Maryland; Charlotte, North Carolina; Philadelphia and York, Pennsylvania; Alexandria (DC Metro) and Richmond, Virginia as well as Seattle, Washington.
